

BI Specialist (ETL and Data Warehousing)

Job Description

As an experienced professional, you'll be seeking the right opportunity to grow your career. Here at Crimson Macaw we can give you the experience of working in a new fast-growing consultancy specialising in cloud, data and business intelligence. As we are ambitious and growing, your knowledge, experience and development are important to us and we will be supporting you every step of your career.

Our main ETL tool is Matillion, Tableau for reporting as well as data warehousing using Snowflake and Redshift. Additionally, you will learn more about the AWS ecosystem and we will support you in developing your skillset in cloud technologies as well as certification to evidence your knowledge.

Being part of a consultancy, you will need to visit client sites and understand how we can help drive their success. We also support our customers' solutions and you will help with this.

Required

You will have a 2.1 or above in a numerate discipline or equivalent experience.

Experience in using ETL tools, preferably Matillion however training will be given to those with experience with a different ETL tool such as ODI, Informatica, SSIS etc.

Experience/Understanding of databases/SQL.

Understand dimensional modelling and data warehousing

Able to work within a team and when necessary, independently.

Be highly numerate

Good English skills (both written and verbal).

Full Clean Driving License

Desirable Skills

Experience using Amazon Web Services.

Reporting Tools such as Looker, OBIEE etc.

Experience using Tableau

The Package

We offer a competitive salary (based on qualifications/experience), plus bonus, pension and benefits (including a car allowance, private medical, Safari Books Online and gym membership).

We will support you in taking the AWS certificates, to evidence the knowledge and understanding you have gained whilst working with us.

How to apply:

Please apply by sending a CV and covering letter to jobs@crimsonmacaw.com.

Your CV should contain your working experience and skills etc. Your covering letter should express why you are interested in this field and any useful information that you think we will find relevant; this could be applications you have built, presentations at meetups, or anything else that shows your enthusiasm or work.

WE DO NOT ACCEPT SUBMISSIONS FROM RECRUITMENT AGENCIES AT THIS TIME

About Us

We are a growing consultancy specialising in the cloud, data and business intelligence. Partnered with Amazon Web Services (<https://aws.amazon.com>), Snowflake (<https://www.snowflake.net>), Matillion (<https://www.matillion.com>) and Tableau (<https://www.tableau.com>), we help our customers leverage the value of their data through quick to implement, scalable cloud technologies and market leading analysis and visualisation tools. We are based in the city centre of Manchester (M60 0AS) in the NOMA district near Victoria Station and the Northern Quarter.
